

Brendan Vacation's Focus on Asia Foreign Independent Travel (FIT) Vacations

CHATSWORTH, California, November 2 - Following the success of the implementation and launch of the company's online booking website, www.ibookbrendan.com, which houses both Brendan's online FIT (iNavigate) and Escorted (iTropics) reservations system, Brendan's strategic focus in Asia has gained tremendous momentum due to its competitive prices, breadth of products and numerous allotments. These are further augmented by the fact that the company provides extensive sightseeing options (private car or coach) and extensive room type selections in the properties featured. These diverse products have allowed the company to become one of the largest FIT Asia providers in the US market through its offerings in China, Hong Kong, Vietnam, Thailand, Cambodia, Singapore, Malaysia and Indonesia.

Brendan's President Don Cooper explains, "The demand for Asia FIT products has been and continues to grow at a very healthy pace, therefore we have expedited the introduction of our new products so that our travel agent partners can take advantage of these enhanced selling opportunities."
